of New York.

INFAMY OF TILDEN. It is with a deep sense of humiliation and shame for our species that we call attention to a dispatch in our news columns this morning, disclosing a still deeper depth of infamy than any heretofore cited to which the Democratic candidate has descended in his career as a railway lawyer. The facts come to us from a source so reliable and so easy of verification that there "where they would do the most

can be no dispute as to their authenticity. It will be seen that Mr. Tilden advised, as counsel, the bribing of a judge, and averred most unblushingly that he not only gave this advice to the managers of the Union Pacific Company, but that he would do the same thing again under similar circumstances. This is in perfect keeping with his advice to the late Oakes Ames, to put a certain number of Credit Mobilier bonds good." The most humiliating feature of this whole business is the fact that a man of this unscrupulous and abandoned character should attempt to force himself upon the people of the United States as their Chief Magistrate. It is well known that his nomination was secured through corrupt means, and that he is de termined to secure his election by the free use of money in the perpetration of frauds, and the instigation of violence in Republican strongholds. The question for sensible people to decide is simply whether they will allow their voices to be stifled by such a man through means so in amous. Will they permit a man to buy his way into the White House?

SAMMY TILDEN proclaims that money must not be used in the elections. This comes with a good 'grace from a confessed

THE Associated Press of New York did not learn of Evarts' speech to the merchants night before last. "Where ignorance is bliss," &c.

ELSEWHERE will be found an epitome of Mr. Evarts' great speech showing why every lover of his country should vote for Hayes and Wheeler. Every voter should read it. SAMMY TILDEN four years ago advised

the corruption of the bench with money. Now in the Reform role he is horrified at the use of money for election purposes. Consistency is no longer a jewel. THE surest veto of the rebel claims is to

veto the rebel claims party. Then there will be no opportunity to waive the claims and call it a loan, as proposed by Hunter and not disclaimed by Tilden.

ORDERS have gone out from the Democratic headquarters to brag from now until the election is over. By this means they hope to secure the vote of the fence men, who want to be on the winning

DANA'S Sun, which is now Tilden's "home organ," quite overdoes the matter by its romantic assertions. A slight semblance of truth now and then might tend to inspire the confidence of its readers in the balance of its lies.

In the days of the war of the rebellion Dana and H. B. Stanton, now editors of the Sun, but then co-editors of the Tribune with Greelev, were unsparing in their abuse of Tilden, Tweed & Co., whose praises they are now so loudly singing. Who has changed?

THE WEEKLY NATIONAL REPUBLICAN for the current week is now ready for mailing, containing all the political and general news from all parts of the world. In our next number we shall give the result of the Presidential election. Send in your orders early.

WHERE was Simonton, the Associated Press agent, Wednesday night? Was he asleep while all New York was listening to Evarts, the great lawyer? Why did he not furnish a single word of the great event to the press of the country? That is what the people wish to know, Mr. Simonton, They wish to be advised of home affairs as well as of the war in Turkey. Do you belong to Samury Tilden exclusively? Morrissey's pools and Tilden's proclamations appear to be your favorites. Merchants meetings and letters are not noticed.

AT NO TIME since the opening of the campaign has victory for the Republican cause been so well assured as at the present time. With the lapse of time, remote possibilities have passed and the party stands with an unbroken front and an earnest, hearty zeal pervading its members that will insure the polling of a full vote, except in the South, where the rifle clubs, White Liners and Ku-Klux will doubtless succeed in intimidating many colored voters. Our opponents feel and know that defeat awaits them, and resort to the Chinese plan of making a noise to frighten their opponents. Republicanism is made of too sturdy material to be driven off by the beating of tom-toms.

THE Springfield Republican, like Caiphas of old and certain other prophets, who speak wiser than they know, calls Tilden's declaration of his holding the constitutional amendments final and conclusive, "his last card." Does Governor Tilden think the people so silly, so easily humbugged as not to understand this ruse? His own party understands it. The maddest Con federate in the South understands it enough to make no objection to it from the mouth of Tilden. They well know what it means, and what it amounts to-a merelection strategem to be disposed of after the Presidency is gained. It will deceive only those who wish to be deceived and would like a plausible pretext for voting in favor of a man who represents the Confederate party and their Democratic

friends, always the opponents of the new amendments, and now the main con stituency of Tilden.

HINTONSVILLE, LATE PETERSBURG. In 1874 both parties applied for the appointment of supervisors as for a town of upwards of twenty thousand inhabitants, and the supervisors from both parties took their \$5 per diem, which is only allowed in towns of that population. In 1873 the postmaster applied for free mail delivery, stating that there was a population of be tween twenty-five and thirty thousand within the delivery of the office. By a count taken by him at that time there were over twenty-two thousand inhabitants within the city limits of Petersburg. The Common Council of Petersburg, early in 1874, passed a resolution thanking the Postmaster General for granting the city free mail delivery under the law. This could not have been granted under the law except in towns of twenty thousand or upwards. Since the instructions of the chief super-

visor of the Eastern district of Virginia have appeared, the mayor, backed by the Democracy of Petersburg, claims that the city has less than twenty thousand inhabitants, and that the supervisors have only the powers given to those in the counties, parishes, &c., i. e., to simply witness the election; and the State registrars refuse to allow the supervisors to exercise the authority given by law to such officers in towns of twenty thousand and upwards. Inasmuch as the supervisors are appointed from both parties, one from each, this refusal to let them supervise the registration, &c., on the part of the Democracy simply means that they intend to cheat. No other objection can be urged to the supervision of the election by these officers. It is to be hoped that prompt action will be taken by the United States authorities, in order to secure a fair election in Petersburg, and that they will be frankly supported by the Government. For two years the Democ racy of that city have carried the election by fraud or violence, and it is high time that the authority of the Government should be asserted. The census of 1870 shows that the proportions of population at that time were 8.7 white to 10.2 colored. In addition to this preponderance of colored voters there were a large number of white Republicans there

EDITORIAL POSTSCRIPT.

The dispatches from the Indian country state that Sitting Bull is coming in, and wants ammunition. Give it to him by all means, without delay. Let him have the bullets at once, at short range, and deliver the powder to him when he gets fairly in.

The Democratic Congressional Committee in this city have already commenced to retrench. In fact, they have really been cutting down on retrenchment, by cutting off about three inches from the bottom of the word "retrenchment" on the flag at their headquarters on F street.

"CLAIM everything" and perhaps we will get something is the order of the Democratic leaders. This applies just now to the result of the election, but should it by any chance happen that that party succeeds at the election, the advice will be applied to demands upon the National Treasury. Claim everything and perhaps our cotton and slave claims will be paid. The people will "veto" these claims, both political and financial, on Tuesday next.

A REPUBLICAN TRIUMPH CERTAIN. Address of the National Committee-Meaning

of Democratic Boasting. The following address to the Republicans of the United States has been issued by the Republican National Committee: HEADQUARTERS REPUBLICAN NATIONAL COMMITTER, FIFTH AVENUE HOTEL, NEW YORK CITY, NOV. 1, 1876.

A spontaneous and enthusiastic uprising of the Northern people within the last few days, evidenced by recent advices up to this evening at these headquarters, leaves no doubt about the election of Hayes and Wheeler by a large majority of electoral votes. The evasive and valueless promises of Mr. Tilden, with the stereotyped and reluctant approval forced by him from a few Southern Democratic committees not to press rebel war claims for loss or damage to property, althoug h still demanding the payment to rebels as well as to loyal per sons of about two thousand millions of dollars claimed in their bills before Congress for supplies furnished or taken, and for use and occupation of property, have failed to produce conviction in the face of overwhelming evidence of their contrary purpose, and have alarmed

instead of quieting the Northern people. The imminest danger to the public credit, and to reviving commerce and manufactures, if the payment of the national debt is to de pend upon a government of men whose rebellion that debt was created to suppress, has aroused the merchants and business men of

New York and of the country.

The violation over nearly half the territory of the nation, by intimidation and murder, of the fundamental Republican principle that the ballot shall be freely chosen and safely cast, is rallying a united North to put down promptly this new Southern rebellion. With this uprising of Northern sentiment,

every Northern State will probably be carried for Hayes. The frauds in New York city will be prevented, and the Democratic city ma jority kept down to such an amount that the large Republican majorities elsewhere will not fail to overcome it and secure a decided majority in the State for Hayes and Wheeler. The three Pacific coast States and New Jersey are believed to be surely Republican, and there is a good fighting chance for Indiana, while the information from North Carolina, South Carolina, Florida and Louisiana shows that, in spite of the murderous opposition of Tilden Democrats, those Southern States will give majorities for Haves. The systematic and prearranged boastings from the Tilden headquarters in New York are only desperate expedients to avert inevitable defeat. The Republicans of the country have only to perform their full duty, and every man go early to the polls, and the triumph of Hayes and Wheeler

will be overwhelming. Z. CHANDLER, Chairman. Tilden's Sympathy With the Lost Cause-A Shot from Col. Mosby.

The following characteristic letter from Col. John S. Mosby will be read with interest. It shows up Mr. Tilden in his true colors in a very few words: WARRENTON, VA., Nov. 2, 1876. Col. James B. O'Neal:

DEAR SIR : I have just received your letter of the 30th ult., informing me that a Damo-cratic orator in Philadelphia had stated that Gen. Grant had appointed me to some office. I am glad that you denounced the statement as a lie. The charge originated with the Tilden bureau, and was pronounced by me to be false in a letter published several weeks ago. They still continue to circulate this with other lies about me. I have never received in any shape the slightest favor or benefit of any kind from Gen. Grant's administration although I was his cordial supporter. The few Confederates he has appointed to office in the South were just as loyal to the Govern ment during the war as Tilden was, and are much more so now. I am unable to account for the ferocity with which I have been pur sued by the Tilden organs, unless it be that they think their candidate has some claim upon me for my support in consideration of the messages of sympathy and cheer which I received from him during that unhappy period when I was fighting for the overthrow of the Union. But for the advice of such men in the North as Tilden the South never would have

plunged into a disastrous war or launched her —"That perfidious bark,
Built in the eclipse and rigged with causes dark." In haste, yours truly, JNO. S. MOSBY.

Ex-Senator Henry S. Foote, of Mississippi made a rousing speech in favor of the Repub-lican national nominees at a Republican mass meeting held at Hamilton, Loudoun county, Virginia, yesterday.

Senator Bruce, of Mississippi, is engaged in canvassing Louisians for Hayes and Wheeler.
